

Alien Explanation

Choose a material from: wood, plastic, glass, metal, water, rock.
Now imagine some aliens have just landed in your classroom and they don't know what these materials are like. How would you describe that material to them?

Write some sentences to show what you would say to them.

Here are some examples to help you:

Glass is smooth and hard.

Water can be hot or cold.

Object Description

Choose an object from home. In the first box, draw a picture of the object and label it. Then, in the material/s box, draw or write the materials the object is made from. Find 3 more objects to do the same with.
