How to make a paper bag

1. Fold the sides of the paper to the middle, overlapping by about 2cm.

2. Paste one edge. Stick down the overlapping edge.

3. Turn up the bottom edge about one-third of the way up the bag. Crease it then unfold it.

4. Fold up the bottom corners to the crease. Unfold them.

5. Tuck the corners up inside the tube.

6. You now have a tube with two flaps, A and B.

7. Fold the upper flap A down on itself to the middle line.

8. Paste the shaded edge of flap B very carefully.

9. Fold it over flap A and stick it down.

Note: If you want to strengthen the bag, stick a strip of paper across the bottom.
