Wednesday!

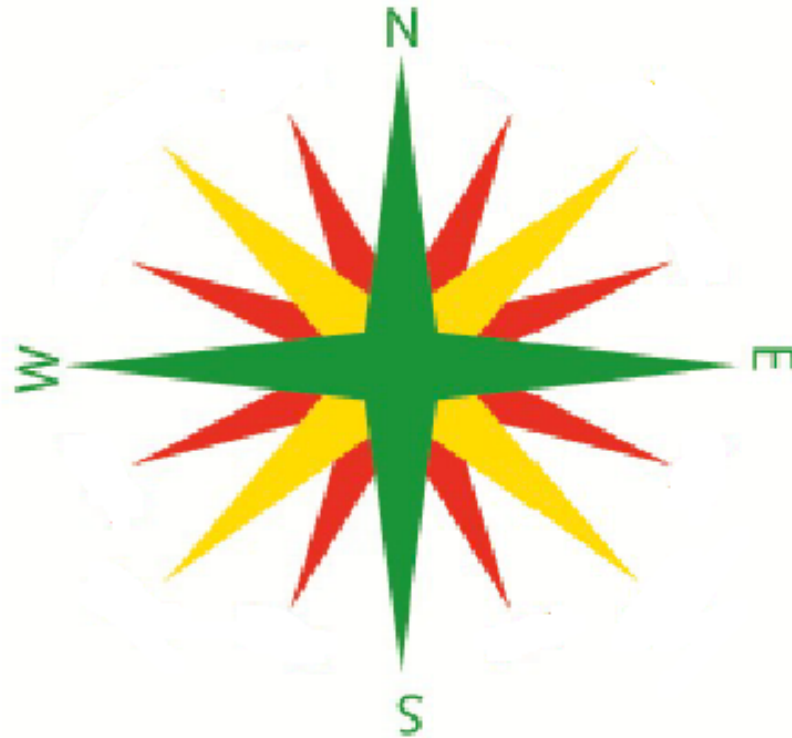

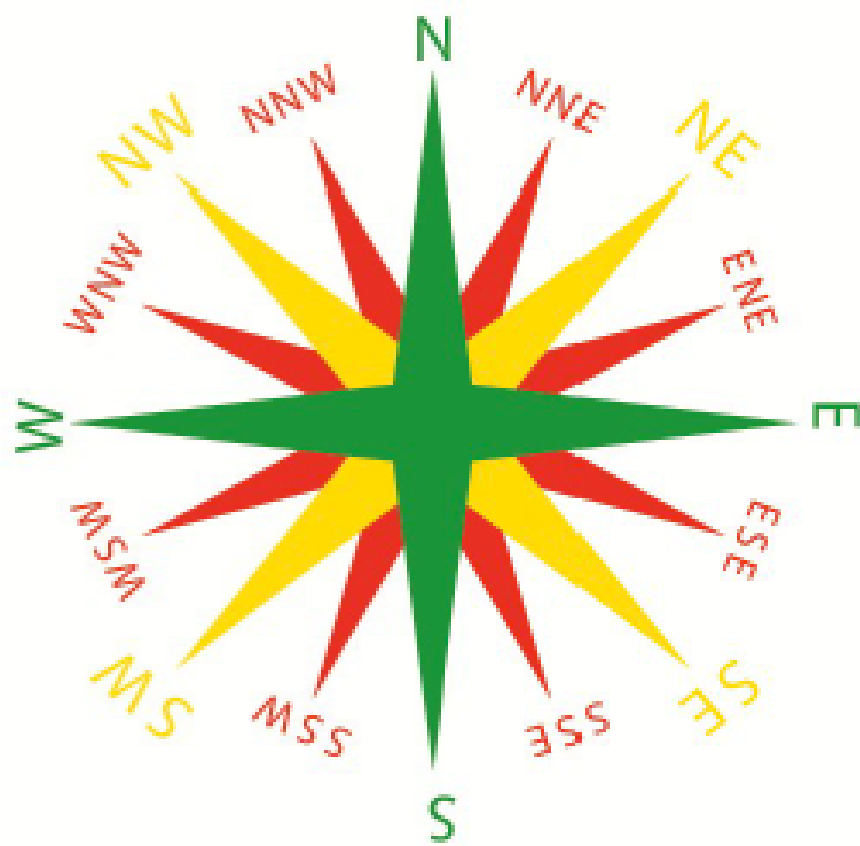

- 1) Which country is to the south of France?
- 2) Name all the countries that border with Chad, then put their compass location e.g. Sudan = East
- 3) Find the countries on the West coast of South America.
- 4) Find five countries in the South of Africa.

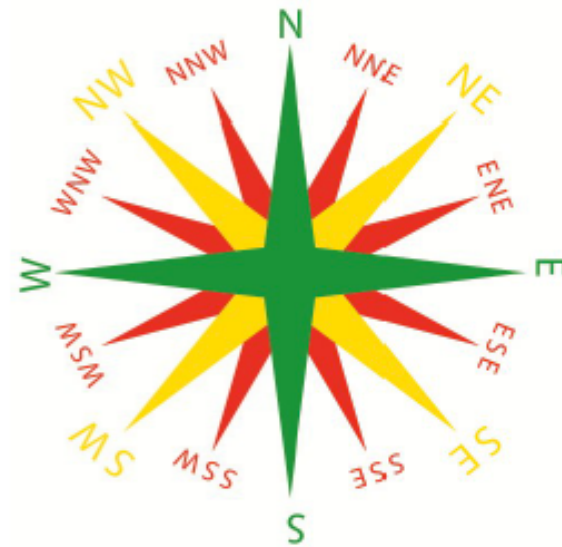

Challenge

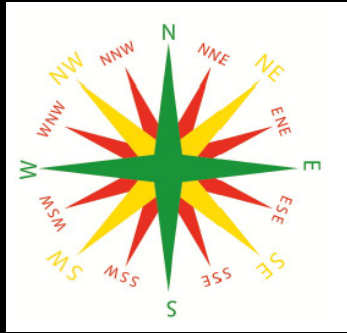

Can you work out the missing points?

Using your compass knowledge...

You are in China, which country shares the Northern border with China?

You are in the most Southerly tip of Sweden, if you travel by plane in a straight line, which country / countries lie directly at the South West?

You are in the centre of the Caspian Sea and travel West until you reach land. Then you travel NNW, which country do you finish in?
