

21st January 2021

I can describe how The Industrial Revolution impacted on
The Victorian Period.

Please note, that at school we are going to watch two short clips about The Industrial Revolution and also use books to find out facts. We are then going to make a fact sheet using subheadings and illustrations to summarise our findings. At home you can do this either by hand or using the PC.

What was the Industrial Revolution?

How did it start?

What was the impact of it?

 <https://www.youtube.com/watch?v=xLhNP0qp38Q>

Factories

Transport

The Power of Steam

Write up your findings.

Try to use subheadings to make it clear.
