E-Safety

S

SAFE

Keep safe by being careful not to give out personal information when chatting or posting online. Personal information includes your email address, phone number and password.

M

MEETING

Meeting someone you have only been in touch with online can be dangerous. Only do so with your parents' or carers' permission and even then only when they can be present. Remember online friends are still strangers even if you have been talking to them for a long time.

A

ACCEPTING

Accepting emails, IM messages, or opening files, pictures or texts from people you don't know or trust can lead to problems – they may contain viruses or nasty messages!

R

RELIABLE

Someone online might lie about who they are, and information on the internet may not be true. Always check information with other websites, books or someone who knows.

T

TELL

Tell your parent, carer or a trusted adult if someone or something makes you feel uncomfortable or worried, or if you or someone you know is being bullied online.

You can report online abuse to the police at www.thinkuknow.co.uk

What is E-Safety?

This is just the start of our work on E-safety, but have a look at the next few slides and try to write possible answers to each question.

1) What are the positives about using the Internet?

Make a list of all the useful things the Internet can be used for.

2) Make a list of things you have used the Internet for over the last week.

3) What devices do you have in your house that you can access the Internet on?

4) What are the problems using the Internet?

Write as many things as you can think of.

5) Last question, what rules do you think there should be about using the Internet?
