Q1.

Award 1 mark for a response explaining that the conjunction changes how the actions in the sentence are connected to time, e.g.

- *In the second one, the conjunction shows that the actions were happening at the same time.*
- *In sentence one, they listened to music when they had finished lunch; in sentence two, they listened to music and ate lunch at the same time.*
- *When you add in 'while' it says they are listening to music and having lunch.*
- *In the first one, it is talking about what they did after lunch but in the second one, it is talking about what they did during lunch.*
- *It means they listened to music while they were eating their lunch.*

Also accept responses that demonstrate understanding without referring to the second sentence, e.g.

- *In the first one, they ate their lunch and then they listened to the music.*

Do not accept responses that do not explain how the conjunction changes the meaning of the sentence, e.g.

- *It changes when they did it.*
