18		
50		
27		
36		

Friday

Word problems.

1. What is half of 24 added to half of 16?
2. I have 15 sweets. I give 4 sweets to Theo and 6 to Jude. How many sweets do I have left?
3. Sophie buys a comic for 65p she pays with a £1.00 coin. How much change will she get?
4. What do you get if you add the number of days in January, February (2021) and March together?

Challenge

I think of a number. I add 6 and then take away 4 the number I end up with is 14. What number did I start with?

Clue- trying working backwards
