

STICK FRAME INSTRUCTIONS

You'll need:

- 4 sticks of equal length, or 2 pairs of sticks of equal length
- natural string or wool
- collection of leaves, conkers and pine cones to decorate the frame
- scissors

- 1 Collect a selection of sticks from the playground. Cut them so they are the same length.
- 2 Get one stick and tie a knot with the string at one end. Wind the string down the stick leaving spaces.
- 3 Get your other stick, or two sticks, and lay it across the first stick. Wrap the string around the two sticks, alternating directions to form an X.
- 4 Wrap the remaining string down the second stick (the same as the first one).
- 5 Complete step one to four for the other sides of the frame.
- 6 Thread leaves, flowers and other natural materials into your frame, through the string.
- 7 Tie a piece of string to the top of the frame so you can hang your frame.
- 8 You might like to draw or paint a portrait of yourself, or someone you care about, and hang it in your frame using some string.
