

Improving Your Reading with Inference Iggy:

The Star

Twinkle, twinkle, little star,
How I wonder what you
are!
Up above the world so high,
Like a diamond in the sky.

In the dark blue sky you keep,
And often through my curtains peep,
For you never shut your eye,
Till the sun is in the sky.

When the blazing sun is gone,

When he nothing shines upon,
Then you show your little light,
Twinkle, twinkle, all the night.

Then the traveller in the dark,
Thanks you for your tiny spark,
He could not see which way to go,
If you did not twinkle so.

1. The traveller thanks the star because... Tick **one**.

- ☐ it lit their path.
- ☐ it was brighter than the sun.
- ☐ they didn't know what it was.
- ☐ it was high up in the sky.

2. How do you know that the star only comes out at night?

3. How does the poet feel about the star? Give words from the text to support this.

4. Put ticks in the table to show which sentences are true and which are false.
One has been done for you.

The text implies that...	True	False
The poet wants to know more about the star.	✓	
The star and the sun give light at the same time.		
Travellers need the light of stars to find their way.		
The star's light cannot be seen from the poet's house.		
The poet understands everything about the star.
