

Phonics - Week Beginning 1st February

- Practise reading a few of the green words below every day. Say each sound in the word ('Fred talk') and then blend the sounds to read the whole word. E.g. 'w-i-ng wing.'
- If you can read the words confidently, try saying the sounds very quietly or silently in your head ('Fred in your head'), then say the whole word out loud. This will help you to become more fluent with your reading.
