

Session 1 -

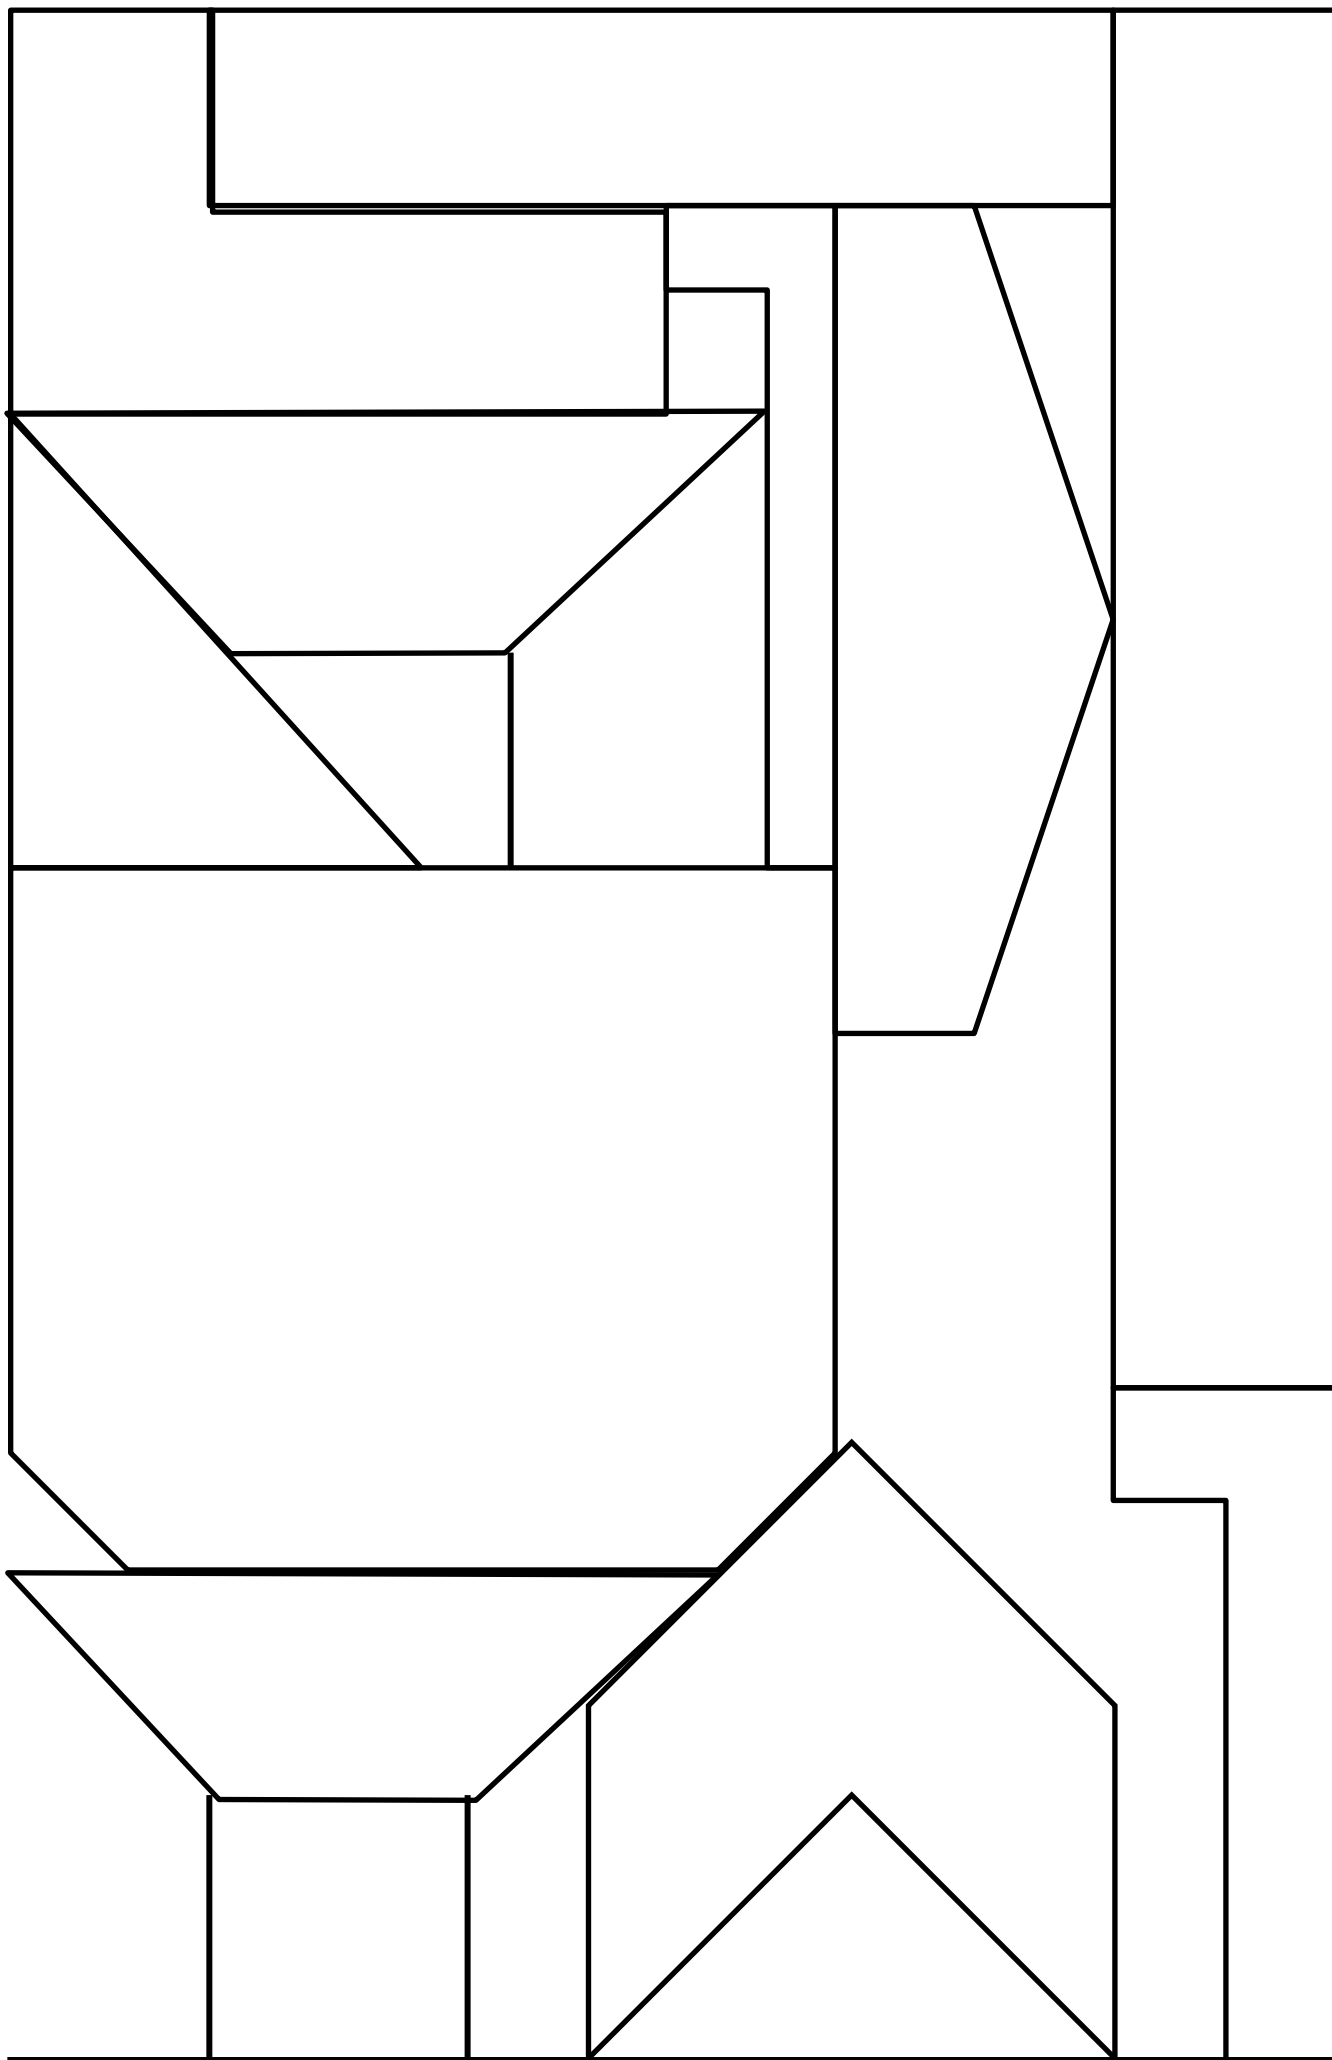

Here is a Mondrian outline that
you can use to colour.

Session 2 - Task 1 - Before you create your own artwork, use this to help you find some inspiration!

For your first task, you must colour the correct shapes.

- Hexagons = red + yellow
- Pentagons = blue + yellow
- Quadrilaterals = blue + red

Task 2

Traditional Mondrian art focuses purely on squares and rectangles. Your task is to introduce Mondrian art to some new and interesting shapes!

Your Mondrian style artwork must include:

- A right angled triangle with one side that measures 6cm.
- A quadrilateral with equal sides of 12cm
- A triangle with one angle that is obtuse and two angles that are acute.
- At least one isosceles triangle.
- A quadrilateral with one side that measures 127mm and one that measures 55mm
