Writing task

LG: To use adjectives, conjunctions and relative clauses.

Jub has a magic pen. If you had a magic pen what would yours do?

Draw your magic pen design and write a short piece of writing to explain what it does.

Example:

This beautiful pen, which is made from solid gold, is a very special pen. The liquid that runs throughout the pen is a rare form of ink that is a mixture of unicorn saliva and fairy dust. The ink responds to the person writing because it can feel the soul of that human being through the heat of their hand. If the human possesses a good, honest and trustworthy soul, then the pen will grant that person 5 wishes. However, if the pen senses an evil, dark and menacing soul, then it will not write and will appear to have run out of the special ink which is housed inside. If this incredible pen grants your wishes, you will begin to see the ink flow. As you hold the pen, your hand will automatically write out your deepest wishes. The multi-coloured, glittering ink will begin to light up and glow. Only then will you know that your wishes will start to come true.
