

Maths

I can solve squared numbers.

$$1) 5^2 = \quad \quad 2) 9^2 =$$

$$3) 10^2 = \quad \quad 4) 7^2 =$$

$$5) 4^2 =$$

SPaG

For each sentence chose the best conjunction:

1. Take the cake out of the oven **as soon as/since** the timer goes off.
2. Cut the paper in half **before/until** you decorate it.
3. Don't cross the road on a sharp bend **while/because** it is dangerous.
4. Put you socks on **before/unless** you put your shoes on.
