A chain of kindness assembly how one kind act can have an impact on lots of people:

- 1) Someone pays you a compliment about something you are wearing
- 2) You message the person who bought it for you to tell them how much you like it and how people have commented on it.
- 3) That person then feels in a really good mood smiles at their neighbour over the garden fence.
- 4) That neighbour lives on their own and has been feeling lonely- they start a short conversation with the neighbour.
- 5) That person then phones their daughter to say how lovely it's been chatting to the neighbour and that it's really cheered up their day.
- 6) The daughter has been worried about their mum and it makes them feel so much better.....

Wednesday

Kindness at Christmas assembly (4 choices). You are given a present from an old auntie who you hardly ever see. She asks to watch you open it via face time. When you open it it's something far too babyish for you. What do you do?

- 1) Laugh and say, 'I'm not 5!'
- 2) Say thank you but in a way that shows you don't really mean it- ask straight away if you can go and play on your tablet now.
- 3) Look really happy with it, say thank you and decide that you'll give it to your younger cousin later because they'd really like it.
- 4) Say thank you and stay and chat to your auntie for a while. Ask your mum afterwards if you can try and exchange the gift for something more suitable.

These assemblies may be subject to change to reflect local or world events or to support any emerging needs in school.
