

Dear parents/carers

In September 2024 we introduced extended breakfast and after school provision. Our children thought of some possible names and we had a democratic vote to decide on the names.

Our before and after school provision are known as:

Jeffrika's Early Birds 07:30-08:40am (breakfast provision)

and

Giraffeter School 03:20-5:15pm (after school provision)

Thank you to all the parents and children that have attended so far. We are making a few changes after the August break to ensure the running of the provision is made more efficient for both parents and ourselves.

Children in class 0 are also welcome to attend this provision.

- Early birds breakfast provision will be open at 07:30am.
- A booking form will be emailed to parents/ carers and will also be available to collect from the school office, this will allow parents to book which sessions are required – **these must be returned every half term to book your child's place.**
- An invoice will be raised by school and sent out to parents; payment will be required upfront for the following half term. Payments must be made via your child's Parentpay account, or via your tax-free childcare account (please let the school office know if you are paying this way).
- Any ad-hoc bookings may be made via the school office dependant on availability, these will need paying for before your child attends.
- Paid sessions may be swapped to a different date if needed- subject to availability.

Mrs Dexter will be doing the following activities on these days- any children can attend.

- Monday DT/Baking
- Tuesday arts & crafts
- Wednesday Games club
- Thursday Computing/ICT suite

Weather permitting, we will also be taking children outside.

Please note any booked sessions missed by your child will be non-refundable.

Any children who attend any extracurricular school clubs and are late being collected (4:30pm) will be placed into our extended provision and parents will be charged for this. Unfortunately, this is due to the increasing number of late collections which require staff to stay behind to supervise children. Parents may choose to have a child attending an extra-curricular club which finishes at 4.30 to then attend the extended provision. This will be at an additional cost of £4.00.

Please can any correspondence regarding extended provision be emailed to office@gawberschool.co.uk

These changes will hopefully make it easier for parents/ carers as you will receive confirmation in advance that your child is booked into the provision.
