

The Movie Marvels

Week Beginning 25-5-20

Dear Class 4,

It's Half Term!

I cannot believe it is half term already! It is really sad that we were not able to learn together as a Class throughout this time and I have really missed out because you are an amazing class. You have truly been working so hard at home and I really appreciate all the ways you have been showing me your work, whether it's photos and messages on the ClassDojo site, tweets on Twitter or showing me your work on Purple Mash - Thank you so much. I have enjoyed handing out lots of Dojos and look forward to handing out some more over the coming weeks.

Class 4, I now have an extra task for you to do. As I have missed so much of your learning since you have been learning at home and throughout this lockdown time away from class, I would like to know which has been your favourite piece of work or what have you been the most proud of in our time apart? Send me a message/photo on our ClassDojo site or add an image to your portfolio explaining what it is and why this piece of work was your favourite or why you are most proud of it. Will you choose a piece of writing? Are you proud of your Reading Journal or your time on your Times tables speed test? Have you designed the best aeroplane which travelled far in Science or do you want to show me the results of your Parachute Science experiment? How about your Pop-up book or Victorian information text? The choice is yours. Choose wisely - Dojos will be awarded!

There are no daily tasks or lessons for this week as it is half term but I have set a range of Half Term Challenges if you need something to keep you busy. If you would like to complete some then feel free but they don't have to be used, I just didn't want you getting bored!

Enjoy your half term,

Stay Safe, Stay Well, Stay Kind ,

Miss Wilson X
