

The Movie Marvels

Week Beginning 11-5-20

HOME LEARNING

Dear Class 4,

I hope you are all well and that you are taking care of yourselves and your family.

I hope you have enjoyed some of the work I have been organising for you and I can't wait to hear all about it. Just thinking back over the weeks, did anyone manage to complete the Parachute Science Experiments? Create a Paper Aeroplane for our competition? Take part in the Bug Hunt? Enter the Art competition? Well, whatever you are managing to do, know that I am proud of you and I hope you are doing all your work with a smile on your face.

It has been great to see a few completed animal animations and animal pictures saved on Purple Mash from last week's Computing task. I have also been looking at some lovely writing on there too, Well Done. As promised, any animal animation or picture I have seen and approved is now placed on our Gawber Class 4 Notice Board, why don't you take a look? I will continue to log on to Purple Mash every few days so I can upload and share more work when it's ready. You can see the work on the notice board by logging onto Purple Mash, clicking on the green 'sharing' icon found near the top of your screen, choosing the Gawber Class 4 Notice Board and viewing/opening work by your classmates. I hope it works!

As a bit of a change, I have given you a project this week all about designing and planning a Zoo. There are lots of tasks that you can work through and complete during the week. There is, as usual, a variety of tasks available for different subjects. I do not expect you to do all the tasks, please do what you can, as always, and have fun! If you come up with your own Zoo and Animal themed creative activities or tasks, then please feel free to do those too.

As well as working hard, remember to relax, enjoy time together with your family, and most importantly, have fun!

Stay Safe, Stay Well, Stay Kind,

Miss Wilson x
