Beginning	Middle	Ending
You time-travel to the year 3000 and...	...the whole world is under the sea. Icecaps have melted and so humans have had to adapt to be able to live under the water. Some humans were given a magic potion to help them grow gills like a fish. Unfortunately, not all humans have been given the potion so cannot breathe under the water. I have been sent to find the potion that has helped some of the humans adapt. I set off on a quest to discover the magic potion.	I discover the potion in a secret location. I steal it and travel back in time to make sure that all humans have access to it so that in 3000 years, everyone will survive underwater!
