Each night Jub sends out the Happy Endings and every night children around the world hear them. However, the witch swapped them all for UNHAPPY endings!

UNHAPPY Ending	How many times has it been heard?
...and they all lived UNhappily ever after!	667,309
...and they sailed off together into the sunset and then a storm came and the boat was swallowed up by a stormy sea!	465,999
...and they all sat down to eat a lovely dinner with their lovely family but it was made of poison!	534,980
...and the witch was banished from the kingdom but she returned and became an evil queen!	19,990
...and he returned home where his mother was happily waiting for him until the evil witch killed her!	46,008
...and everyone cheered for the new King and Queen of the land so the evil witch chopped off their heads!	1, 209,209

Task 1

- Each ending has been viewed a certain amount of times. Jub isn't very good at understanding numbers but she can understand words. Can you write these numbers in words?

667,309	
465,999	
534,980	
19,990	
46,008	
1, 209,209

Task 3

1. The leader of the 'Evil and Dishonesty Council' says "every ending must be viewed 2 million times. Can you work out how many more times each ending needs to be viewed?"

Happy Ending	Times it was heard	Show your working	Happy Ending	Times it was heard	Show your working
...and they all lived <i>UNhappily</i> ever after!	667,309		...and the witch was banished from the kingdom <i>but she returned and became an evil queen!</i>	19,990	
...and they sailed off together into the sunset <i>and then a storm came and the boat was swallowed up by a stormy sea!</i>	465,999		...and he returned home where his mother was happily waiting for him <i>until the evil witch killed her!</i>	46,008	
...and they all sat down to eat a lovely dinner with their lovely family <i>but it was made of poison!</i>	534,980		...and everyone cheered for the new King and Queen of the land <i>so the evil witch chopped off their heads!</i>	1, 209,209

Task 4 -Rounding

The witch has to send a report to the 'Evil and Dishonesty Council' to give approximate numbers of how many times the UNHappy Endings have been shared. Can you help her round these numbers?

Happy Ending	Times it was heard	Round to the nearest hundred	Round to the nearest thousand	Round to the nearest ten thousand	Round to the nearest Hundred thousand
...and they all lived <i>UNhappily</i> ever after!	667,309				
...and they sailed off together into the sunset <i>and then a storm came and the boat was swallowed up by a stormy sea!</i>	465,999				
...and they all sat down to eat a lovely dinner with their lovely family <i>but it was made of poison!</i>	534,980				
...and the witch was banished from the kingdom <i>but she returned and became an evil queen!</i>	19,990				
...and he returned home where his mother was happily waiting for him <i>until the evil witch killed her!</i>	46,008				
...and everyone cheered for the new King and Queen of the land <i>so the evil witch chopped off their heads!</i>	1, 209,209

Task 5 -Doubling

The witch predicts that this time next year the amount of times the UNHappy Endings will have been heard will have doubled.

Can you predict what the numbers will be?

Happy Ending	Times it was heard	Doubled (Show your working)
...and they all lived <i>UNhappily</i> ever after!	667,309	
...and they sailed off together into the sunset <i>and then a storm came and the boat was swallowed up by a stormy sea!</i>	465,999	
...and they all sat down to eat a lovely dinner with their lovely family <i>but it was made of poison!</i>	534,980	
...and the witch was banished from the kingdom <i>but she returned and became an evil queen!</i>	19,990	
...and he returned home where his mother was happily waiting for him <i>until the evil witch killed her!</i>	46,008	
...and everyone cheered for the new King and Queen of the land <i>so the evil witch chopped off their heads!</i>	1, 209,209
