

14th May 2020

Hello Terrific Tigers,

I've been learning new things this week with the support of Miss Knox and have now set up a ClassDojo for us which means that you can send me photos of your work so I can see how you're doing. I'm really looking forward to seeing what you're up to.

Activities for the week commencing 18th May 2020.

Literacy

This week, I've put together a series of activities linked to the first 3 chapters of the book 'Our Teachers Are Superheroes'. I have included the chapters as an extract but you can access the whole book as an ebook at

<https://www.twinkl.co.uk/resource/t2-e-3943-our-teachers-are-superheroes-ebook>

Numeracy

This week, I am using the Oak National Academy <https://www.thenational.academy/online-classroom/year-3#schedule>

Please look at week 4 and follow the daily lessons on angles. Some of this will be revision but by the end of the week, you will be doing new learning and the lesson tutorials will enable you to do this independently.

Science

This week, I would like you to continue looking at plants at

<https://www.thenational.academy/year-3/foundation/plants-what-are-the-parts-and-functions-of-a-flower-year-3-wk3-3>

This looks at the parts of a flower and if you do the flower dissection (splitting up into parts) at the end of the lesson it would be lovely to see what you found. Remember, you can't pick any flowers that are not in your garden.

History

The final lesson on our Henry VIII topic can be found in Year 4, Week 3 -

<https://www.thenational.academy/year-4/foundation/henry-viiiis-great-matter-lesson-5-year-4-wk3-1>

I hope you have enjoyed learning about Henry. Send me your favourite fact or the thing you have been most surprised by and I'll try to put it together as a class knowledge file if I can (might need Miss Knox's help again) and share it with you. Use our ClassDojo.

I hope you're all taking advantage of the opportunity to go out more. Make a point of looking at and listening to all the things around you. You could take photographs or draw pictures to record what you have seen. When I've been walking, I've enjoyed looking at the flowers that are now growing and listening to the sound of the birds without the background noise of cars etc. When I was in school, there were loads of bunnies hopping about!

Take care and stay safe.

Mrs Duck
